CONSTRUCTION:

Scarecrows should be durable and able to stand up to wind and rain. Use care in choosing your materials. All decorations should be firmly attached to your scarecrow and then to the stake. We recommend a 2x4 piece of lumber for the central body. A broomstick or 2x4 is

recommended for the arms. You will need to bring rope or wire to attach your scarecrow to the stake. The Harvest Fair is family-friendly. Scarecrows should be constructed for a "G"-rated audience. Businesses may display an advertisement sign with their name and logo not to exceed 11 x 17 inches.

SIZE:

The minimum size is 4 feet tall. The maximum height is 7 feet. Scarecrows and props must fit in a 4x4 foot area.

You may bring and set up your scarecrow entry any time during the daylight on Friday, October 12. All entries must be in place by 8:00 am Saturday, October 13th.

DURATION:

All entries will be on display to the public through the weekend of the Harvest Fair, October 12-14th. They should be removed by entrants by the end of the day on October 14th.
